WORKHORSE VODKA

A LABOR OF LOVE

Our legacy is tied to the calloused hands and unwavering hearts that have come before us. Every brick laid, every innovation born, and every sacrifice endured has forged our strength. We are New England's stalwart workhorses, our success is marked by our perseverance. This is our legacy, and every legacy demands a toast.

Pure & High Quality: Distilled through an 18 plate copper hybrid still.

A Vodka That Does It's Job: Tastes like nothing except for the most faint finish of sweetness.

Community-Centric Philosophy: Workhorse Vodka reflects a commitment to local non-profit organizations in NH with a portion of its profits supporting the arts scene.
